

My Contribution to

My Community

Statement from venerable Chan Khoen

I have support People Living with HIV/AIDS (PLHA) and vulnerable people who are affected by HIV/AIDS because I think that helping them gain hope is very important. This can make our country more prosperous and more consistent with the Buddhist principles.

Statement from Mr. Chhay Vanncy

(Chieng Prey Deputy District Chief)

I think that my support and contribution in encouraging and promoting PLHAs will improve their living standard and promote a life of dignity. Through education and support to PLHAs is very important to reduce HIV/AIDS transmission in Cambodia.

Acknowledgement

The IEC working group of Cambodian People Living with HIV/AIDS Network (CPN+), would like to gratefully acknowledge the contributors: Venerable Chan Khoen, Mr. Chhay Vanncy, Chieng Prey Deputy District Chief, NAS organization, and PLHA Support Group Members who generously gave their time and inputs and allowed us to include their real pictures in the booklet development. We would like to express our sincere thanks to Pfizer Foundation and Pact Cambodia for providing technical and financial support to develop the booklets for distribution in Cambodia.

Cambodian People Living
with HIV/AIDS Network

My name is Chan Khoen. stays at Prasat Neang Khmao Pagoda in Takeo province. I think that HIV/AIDS is everyone's problem

Monks plays a vital role in the prevention of HIV/AIDS transmission and in helping people affected by HIV/AIDS

I collete money and foods from generous community members to help PLHAs and their children

I visit and help poor PLHAs build homes

I educate monks about how to support PLHAs,

educate orphans and vulnerable children in literature and mathematics

My name is Chhay Vanncy, as the Chieng Prey Deputy District Chief, I think that it's very important to help people affected by HIV/AIDS.

I participate in educating PLHAs to promote PLHAs Rights

I distribute saving boxes to Chhouk pagoda which collects money to help PLHAs and vulnerable children affected by HIV/AIDS

I participate in sharing experiences with PLHA support groups during their meetings and visit PLHAs family to encourage them to overcome their life struggles

I help ensure that our health centre always pays attention to providing good health services to PLHAs

I Lor Chantha, a seller, and I have provided education and support to PLHAs through :

Educating youth about how to prevent HIV/AIDS transmission

sharing meals with PLHAs

I have rented a home to PLHAs

I assist PLHAs to go to the health center. Because I think that PLHAs are also humans

My name is Soung Sok Hai and I am a student who has educated community members about HIV/AIDS and who supports PLHAs when I am free from school

I visit PLHAs

I contribute my own money to help PLHAs

I am very happy when I have participated in social activities with PLHAs

As a PLHA, I am very excited when community members provide care and support to me and my family

We gratefully acknowledge the mental and moral supports from our community provided to PLHAs like us.

We would like to wish you all that experience the five Buddhist wishes.

I call for people in the community to participate in the prevention of HIV/AIDS transmission and in the supporting PLHAs in the community

We encourage you to also support PLHAs in your community. Together we can make a better life for everyone.

Community Activities in supporting of PLHAs

In collaboration with
IEC advisory committee
